

# Tree Program

Our district is currently selling trees for the spring of 2013. We sell trees to anyone interested in replacing or expanding an existing grove of trees, or starting a new farmstead windbreak. We also sell trees for snow fences and field windbreaks. You may only want to plant 1 row of trees, and plant them yourself, or you may want us to design a windbreak, plant the trees, and mat them for you. We're willing to work with you. We can come out and assist you with measurements, varieties of trees, & spacing your new trees. There are a few cost share options available. Tree estimates are also available so you know what to expect. Trees generally are delivered by the nursery in April and should be planted shortly after. Trees need to be ordered before December 31<sup>st</sup> 2012.

## Tree Planting & Replacement Policy

All tree orders are due by December 31st 2011. 50% of the cost of the order is due before the order can be placed.

Please note that all Bare root trees are sold in bundles only. Bundle sizes are shown on the price list.

Tree orders will come in during the month of April, 2012. There is a Minimum Planting Fee of \$100.

The District Guarantees to plant live trees, and does not cover or  
replace trees that have died due to negligence or wildlife. If your trees have not shown any  
improvement from the time of planting to September 1, 2012 please contact the office  
and we will work with you if we feel that the trees that were initially planted were not alive.

Any inquires made for replacements after September 1, 2012 will not be considered.

If you have any questions on how to care for your trees, please call our office at 825-6765, Thank You!
